Mail Stop PETITION
Commissioner for Patents
Post Office Box 1450
Alexandria, VA 22313-1450

Dear Sir:

REQUEST FOR RECONSIDERATION OF PETITION UNDER 37 CFR 1.47(b)

With regard to the above-identified patent application, wherein Ralph F. Kalies is the sole named inventor (the "applicant"), this Request for Reconsideration is filed in response to Office of Petition's decision refusing status under 37 CFR 1.47(b) mailed July 30, 2004 (copy enclosed), and is accompanied by:

- (1) Petition and Statement of Facts in Support of Filing on Behalf of Inventor Refusing to Sign (37 CFR 1.47(b)) dated March 30, 2004
- (2) Declaration under 37 CFR 1.63
- (3) Power of Attorney executed by Regis T. Robbins, Vice President of Omnicare, Inc., on March 19, 2004, authorizing the undersigned to act on behalf of the Assignee, Omnicare, Inc.
- (4) Notice of Recordation of Assignment Document

Action Requested

Request for reconsideration of the decision refusing status under 37 CFR 1.47(b) is hereby made in the above-identified application. In particular, the decision refusing status under

Request for Reconsideration
Serial No. 10/681,955

37 CFR 1.47(b) in response to applicant's petition filed on March 30, 2004 dismissing such petition stated in pertinent part that:

A grantable petition under **37 CFR 1.47(a)** requires (1) proof that the non-signing inventor cannot be reached or refuses to sign the oath or declaration after having been presented with the application papers (specification, claims and drawings); (2) an acceptable oath or declaration in compliance with 35 U.S.C. §§ 115 and 116; (3) the petition fee; and (4) a statement of the last known address of the non-signing inventor. **Applicant lacks item (2) set forth above** (emphasis mine).

The decision further stated that:

As to item (2), the declaration submitted with the petition lacks compliance with 37 CFR 1.63 and 1.64. The signature block for Ralph F. Kalies is missing. Accordingly, an oath or declaration in compliance with 37 CFR 1.63 and 1.64 signed by the Rule 1.47 applicant on behalf of Kalies is required. See **MPEP 409.03(a)** (emphasis mine).

The commissioner is kindly requested to reconsider the decision refusing status since all of the requirements for a petition under 37 CFR 1.47(b) as indicated in MPEP 409.03(b) where there is "no inventor available" to make the application. In other words, this petition is not a petition under 37 CFR 1.47(a), but is a petition under 37 CFR 1.47(b). As indicated above, the words from the initial decision dismissing the petition misperceived the basis of our 37 CFR 1.47(b) petition. Consequently, applicant respectfully requests a review of this Request for Reconsideration of Petition Under 37 CFR 1.47(b) and the accompanying documents in order to allow the application to pass to examination.

Remarks

The terms of the decision refusing status indicated that the applicant simply lacked item (2), referring to the declaration, and that the other requirements are satisfied for a grantable petition. Applicants have enclosed the initial Petition and Statement of Facts in Support of Filing on-Behalf of Inventor Refusing to Sign (37 CFR 1.47(b)) for reconsideration by the Office of Petitions, the content of which is hereby incorporated by reference. Since the deficiency that is to be addressed relates to the oath or declaration, the remainder of this request for

Request for Reconsideration
Serial No. 10/681,955

reconsideration will focus on those requirements and the MPEP 409.03(b) comments relating to the making of such an oath or declaration as follows:

Where a corporation is the 37 CFR 1.47(b) applicant, an officer (president, vice president, secretary, treasurer or chief executive officer) thereof should normally sign the necessary oath or declaration. A corporation may authorize any person, including an attorney or agent registered to practice before the U.S. Patent and Trademark Office, to sign the application, oath or declaration on its behalf.

Where an oath or declaration is signed by a registered attorney or agent on behalf of a corporation, either proof of the attorney's or agent's authority in the form of a statement signed by an appropriate corporate officer must be submitted, or the attorney or agent may simply state that he or she is authorized to sign on behalf of the corporation.

In this particular instance, a corporation, Omnicare, Inc., is the 37 CFR 1.47(b) applicant and an officer of the corporation has authorized the undersigned registered attorney to sign the application declaration on behalf of the corporation. A Declaration executed by the undersigned registered attorney is herewith enclosed.

These remarks and the enclosed documents should wholly satisfy the requirement of 37 CFR 1.47(b) and the above-identified application should be allowed to pass to examination.

Submitted herewith is a check for \$130.00 to cover the cost of the petition. In view of the foregoing, applicant respectfully requests granting of this Request for Reconsideration. Please direct any questions regarding this matter to Applicant's undersigned attorney.

Respectfully submitted,

ON PETITION

9/30/04 resp due

In re Application of
Ralph F. Kalies
Application No. 10/681,955
Filed: October 8, 2003
Attorney Docket No. 036806.00432

This is in response to the petition under 37 C.F.R. 1.47(b), filed March 30, 2004.

The petition is dismissed.

Rule 47 applicant is given TWO MONTHS from the mailing date of this decision to reply, correcting the below-noted deficiencies. Any reply should be entitled "Request for Reconsideration of Petition Under 37 CFR 1.47(a)," and should only address the deficiencies noted below, except that the reply may include an oath or declaration executed by the non-signing inventor. **FAILURE TO RESPOND WILL RESULT IN ABANDONMENT OF THE APPLICATION.** Any extensions of time will be governed by 37 CFR 1.136(a).

A grantable petition under 37 CFR 1.47(a) requires: (1) proof that the non-signing inventor cannot be reached or refuses to sign the oath or declaration after having been presented with the application papers (specification, claims and drawings); (2) an acceptable oath or declaration in compliance with 35 U.S.C. §§ 115 and 116; (3) the petition fee; and (4) a statement of the last known address of the non-signing inventor. Applicant lacks item (2) set forth above.

As to item (2), the declaration submitted with the petition lacks compliance with 37 CFR 1.63 and 1.64. The signature block for Ralph F. Kalies is missing. Accordingly, an oath or declaration in compliance with 37 CFR 1.63 and 1.64 signed by the Rule 1.47 applicant on behalf of Kalies is required. See MPEP 409.03(a).
